All quotes with works exceeding \$7,000 (Incl. GST) will be subject to a 50% deposit.

- Payment term is strictly 7 days from invoice date.
- All fire alarms should be isolated throughout the duration of the works. Capitol Flooring will not accept responsibility if any fire alarms are set off during installation.
- Installation is guaranteed for 1 year, with standard manufacturers warranty applying
- Floor coverings are covered by manufacturer's warranty and remain the property of Capitol Flooring & Interiors until fully paid.
- PLEASE NOTE that cut pile carpets are subject to Shading and Pile Reversal. This is not a manufacturing fault and is not covered by warranty. In some cases carpet seams will not be invisible. This occurrence varies according to quality, style, colour and light reflection.
- When installed, all new skirting boards require gap-filling and painting after installation. This service is not apart of our quote and must be organised through separate qualified tradespeople.
- The cutting of doors is the customer's responsibility.
- Capitol Flooring & Interiors accepts no responsibility for the existing structural elements or the work of prior or existing trades.
- You acknowledge that the extent of surface preparation included in the scope of the Works is limited to sanding or scraping to the previous coat (if applicable) and filling minor surface depressions to create a flush surface. Unless specifically stated in the description of the Works in the Quotation Form, the Works exclude rectification of faults or defects in the building structure or substrate condition, delaminating previous coatings and repairs or replacement (in whole or in part) of existing substrate surfaces.
- If new painting has occurred we recommend retaining paint for touch ups as the installation itself is a physical process and on occasions marks can occur when achieving a tight finish.
- All quotes are subject to the sub-floor being in good condition and not requiring floor preparation. An additional \$100 Ex Gst per bag (2-4sqm) will be charge if floor preparation is required.
